3. Practice with Mock Assessments

Seek out any available practice tests or quizzes. If you're working with a KW coach or mentor, ask them for sample questions or scenarios. Simulating the testing environment can help you identify weak areas and build confidence.

4. Focus on Scenario-Based Questions

Many assessments include scenario-based questions designed to test your problem-solving skills and application of knowledge. Practice thinking through common challenges an MCA might face: "An agent is disputing a commission payment. What steps do you take?" or "The market center's operating expenses are trending higher than budget. What actions would you recommend?"
